Highlights

Powerful speaker drivers
Powerful speaker drivers produce ultra realistic sound, totally immersing you in the game.

Bass Pipe
Thanks to an acoustically-tuned air channel that turbo-charges the bass notes, you enjoy fantastic realism and a truly involved listening experience.

Wide stereo soundstage
These portable speakers create a natural stereo sound stage when they are a placed apart, this gives the impression that each musical instrument occupies a different physical space. The effect is more realistic and more enjoyable.

Compact and lightweight
Small and lightweight you'll hardly notice it's with you. Pop it in your pocket or bag and take it anywhere.

For portable equipment
Universal use with all portable entertainment equipment. Simply connect using the 3.5mm plug.

No batteries required
For extra convenience, no batteries are required in these portable speakers. They are powered by the portable audio player's ouyput signal.

Plug & play speakers
The 'plug & play' feature saves you time because you simply connect the speakers to the portable audio player as you would normally connect the headphones, by using the jack plug.
